Canada's Accountability Advocate

Federal Election 2025

Why I'm Running

Canada has a **corruption problem**, and it's costing lives. When I called for accountability, my own MP, **Dr. Hedy Fry, refused to present my petition** in the House of Commons, despite meeting the requirements. If our representatives won't fight for us, we need new ones who will.

Harm Reduction vs. Harm Exacerbation

Pierre Poilievre's agenda isn't just bad policy—it's a death sentence. His plan to dismantle harm reduction will **guarantee thousands of preventable deaths.**

- **Canada's Health Care System is already overburdened**, don't make it worse.
- When Alberta slashed harm reduction, **overdose deaths doubled** in two years.
- If Poilievre enforces these failed policies nationwide, we could see **over 10,000 deaths per year.**
- In a full four-year term, **30,000 to 50,000 people could die.**

Harm reduction **saves lives.** Removing it **kills people.** The math is simple.

Canada Needs Real Accountability

The government has been hijacked by an **organized corruption network** that silences accountability advocates. The **Judicial system, non-profits, and mental health groups** have been infiltrated by **bad actors who weaponize personal medical data** to target the most vulnerable. This is a systemic abuse of power that **must be stopped.**

- **We need an "Untouchable" Accountability Group**, inspired by **Eliot Ness's Untouchables**, to investigate corruption **without political interference.**
- We need **whistleblower protections** that **actually work.**
- We need **criminal prosecutions for officials caught abusing their power.**

What I Have Uncovered

Through years of research, I have identified a **coherent, organized hate group** operating in Canada, particularly within **judicial and mental health institutions.** These individuals carry out organized harassment to silence and destroy people who speak out. The problem is so bad that the United Nations Office of the High Commissioner for Human Rights has published a document on their website which describes these organized harassment techniques in detail.

- **This isn't just political corruption — it's systemic oppression.**
- Vulnerable people **seeking help** are being **targeted instead.**
- The very institutions meant to protect us **are working against us.**

What You Can Do

- **Vote for accountability.** If politicians aren't answering to the people, they need to go.
- **Spread the truth.** The media won't expose this—but we can.
- **Push for real harm reduction.** Lives are on the line.

This election isn't just about politics. It's about survival.
